

Friends of Crossville Trails

Saturday, July 12th

Trail Building Work Session

7:00am to 10:00am at Meadow Park Lake

Come and join the party!

We will be having another "Raking Party" starting at 7am and finishing at 10:00am to avoid the heat of the day. We have already clipped nearly all the trail so we will be primarily raking the trail bed to clear the topsoil and roots to prevent vegetation growing back. If you want to help in any way come along and join the party.

Everyone is welcome but anyone under the age of 18 years must come with an adult. All volunteers are required to sign a release document.

If you are available to help on this day please go to our web page and click on the "Next Work Session" button at the top of the page to "Make a Reservation" and to find out more details about what to wear and what to bring with you.
